+420 728 657 205 London, UK adam.hrehovcik@gmail.com in/adam-hrehovcik/

EDUCATION

Imperial Business School

London, UK | Sep 2025 – Aug 2026

MSc in Business Analytics

Relevant Modules: Machine Learning, Advanced Machine Learning, Deep Learning & Generative AI, Large Language Models, Data Structures & Algorithms, Causal Modelling for Business Analytics, Statistics & Econometrics, Optimization & Decision Models

Imperial Excellence Scholar

Warwick Business School

Coventry, UK | Oct 2022 – Jun 2025

BSc in Management with Finance (First-Class Honours; 78%)

Warwick Undergraduate Excellence Scholarship; ranked 3rd in graduating cohort

PROFESSIONAL EXPERIENCE

OMMAX

London, UK | Jul 2026 – Aug 2026

Transaction Advisory & Strategy Intern

- Co-designed AI-readiness framework, combining company, market and expert evidence into confidence-weighted scores
- Developed GPT-based Skills to pull, extract and synthesise key evidence into AI-readiness insights across 160 portfolio companies
- Scraped 25k+ client and competitor forum posts and used NLP to benchmark interest-group prevalence across forums, recommending community-building around adventure-traveller and digital-nomad user segments

Ernst & Young

Prague, Czech Republic | Aug 2024 – Sep 2024

M&A Due Diligence Intern

- Consolidated and structured multi-entity financial and operational datasets, transforming raw inputs into analysis-ready models to isolate impact of regulatory and non-recurring items on EBITDA, informing a 10% valuation adjustment and SPA renegotiation
- Built profitability simulations for an asset carve-out using scenario analysis to quantify operational and valuation impacts

Ernst & Young

Prague, Czech Republic | Jul 2023 – Sep 2023

Corporate Debt Advisory Intern

- Evaluated solvency and operational sustainability of resort business via liquidity analysis, stress testing, and sensitivity modelling
- Developed restructuring plan to cut operating costs by 15% by consolidating operations and optimising fixed-cost allocations
- Built a seasonal time-series forecasting model (SARIMA) in Python to independently validate management revenue projections

Smokestack

Prague, Czech Republic | Jan 2023 – May 2023

Private Equity Intern

- Analysed company and market data to evaluate scalability and competitive differentiation, guiding portfolio expansion strategy
- Synthesised data-backed investment briefs and sector analyses that informed issuance of non-binding offer to a shortlisted target
- Evaluated potential add-on acquisitions in the CRO sector, assessing strategic fit, synergies, and preliminary LBO valuation impact

ACHIEVEMENTS

Investment Analyst, UK Investment Competition

London | Oct 2025 – Dec 2025

- Won 1st place nationally out of 1,000+ teams by developing a Python-based probabilistic modelling framework to identify mispriced event risk in biotech equities, combining market-implied signals with fundamental approval probability estimates
- Engineered features from clinical and market datasets, applying regression and Monte Carlo simulation to estimate outcome distributions across scenarios, informing allocation decisions and generating a 33.1% annualised return

Portfolio Management Analyst, Sora Capital (Student-led Investment Fund)

Remote | Apr 2024 – Dec 2024

- Leveraged Python to analyse financial and macroeconomic data, identifying undervalued energy equities and contributing to the fund's +2.1% outperformance vs. the S&P 500 (Sharpe ratio 1.74)
- Designed analytical dashboards to monitor portfolio composition, factor exposures, and risk-adjusted performance metrics

Partnerships Manager, Enactus Warwick Consulting

Coventry, UK | Mar 2023 – May 2024

- Redesigned and streamlined partnership acquisition process, securing 6 student consulting projects for single project cycle
- Engineered a semi-automated cold outreach system (50+ leads/cycle) with integrated tracking, lifting client conversion by 20%

ADDITIONAL SKILLS

Programming & Tools: Python (NumPy, pandas, scikit-learn, TensorFlow, PyTorch, SciPy), SQL, R, Streamlit, Tableau, Excel, Git

Machine Learning: Neural Networks & Deep Learning, Large Language Models, NLP, Time-Series Forecasting, Feature Engineering

Analytics: Regression & Classification, Causal Inference, Monte Carlo Simulation, Linear & Integer Programming, A/B Testing

Languages

Czech (native), Slovak (native), English (fluent), German (conversational)

EXTRA-CURRICULAR & INTERESTS

- GMAT (Focus Edition): 715 (99th percentile)
- Athletics: 3rd place at National Karate Championships (2020, 2021); reserve member national team (2021)
- Interests: chess, trail running, alpine hiking, martial arts
